## STREET DIRECTORY.

The Street Directory gives the location of each street, and shows what other streets or places run from it or across it, with the number at which they intersect.

From this list the location of any number on a street can be easily ascertained. As, for instance, wishing to know at what part of Main street No. 346 comes, turn to Main street and you find that Bank st runs from 332 right side, and Wall street from 370, showing that number 346 comes on the right side of Main street between Bank and Wall.

**THE NEW ENGLAND GAS LIGHT CO.,**

No. 54 Kilby Street, Boston,

Contract for lighting the streets of Towns and Cities, in the most satisfactory manner, furnishing a light similar to coal gas, at much less expense. These lights can be placed in any street lantern now in use, avoiding all street mains and service pipes. The Company also furnish lights for Private Grounds, and solicit an examination from all interested in having their grounds lighted in an economical and brilliant manner.

The streets of the towns of Hyde Park, Melrose, Quincy, Mass.; Laconia, N. H.; Bennington, Vt., are already lighted by this Company, and they have permission to refer to the authorities for letters of recommendation. They also refer to the Superintendent of Lamps of Worcester, Fall River, Newton, Newburyport, New Bedford, Mass. and Norwich, Bridgeport and Meriden, Conn., where these lights are in use, giving great satisfaction. Circulars sent on application.

Office, 314 Broad St. LEWIS A. HINE, Supt.

# FOR NEW YORK!

THE STEAMER

## “BRIDGEPORT,”

Capt. CHARLES WEEKS,

Will leave New York, from pier 35 East River, foot of Catharine Street, daily, (Sundays excepted), at 11:30 o'clock A. M., for Bridgeport, connecting with Housatonic and Naugatuck Railroads; also, with the New York, New Haven & Hartford Railroad trains going East and West.

Will leave Bridgeport every night (Saturdays excepted), from Railroad Wharf, at 11 P. M., on arrival of Housatonic and Naugatuck evening trains, arriving in New York at 4 o'clock A. M.

**FARE, - ONE DOLLAR.**

State Rooms, \$1. Berths Free.

Company's Dock in New York, pier 35 East River, foot of Catharine Street.

Freight taken at the very lowest rates.

Arrangements have also been made with the “Star Union Line,” on all Western bound Freight, whereby the Steamboat charges and cartage in New York will be saved to the consignees, by giving New York through rates from Bridgeport. N. B.—Shippers will find it to their advantage, both in time and rates, by consigning their Freights via. this line.

## INSTRUCTIONS TO KEY HOLDERS.

1. On the breaking out of a fire, notice should be immediately communicated to the nearest alarm box, keys of which are always in the hands of the police and responsible persons in the vicinity of the boxes.
2. Key holders, upon the discovery or positive information of a fire, will unlock the box, pull down the hook ONCE, AND LET GO. This gives the desired alarm all over the city, repeating itself five times.
3. All persons giving fire alarms are requested to remain by the box a moment, and if no clicking is heard in the box, pull again; and if still no clicking is heard, go to the next nearest box, and give the alarm from that.
4. Never signal for a fire seen at a distance. Never touch the hook except to give an alarm of fire. Be sure the box is locked before leaving it. Give an alarm for no cause other than actual fire. Do not give an alarm for a chimney fire.
5. Owners and occupants of buildings are requested to inform themselves of the location of the signal boxes near their property; also, the places where the keys are kept. Be sure the alarm is properly given. One, two or three strokes of the bells and gongs are not given for an alarm of fire.
6. Second alarms for the same fire will only be given by the Chief Engineer, or one of his assistants.
7. Alarms will be sounded upon the Fire Bells thus: for box 4, four strokes of the bells, 1-1-1-1, with short intervals, and repeating. For box 24, two strokes, 1-1, a pause, and four strokes, 1-1-1-1. Alarms for other numbers are given in a like manner.
8. Each box contains a small bell, which, if heard before you pull, indicates that the alarm has been given previously. Any person listening at a box will learn the number of the box from which the alarm was given. Do not pull the box when an alarm is being sent in from another box.
9. By closing the door, the box will become locked. Do not let the key go out of your possession unless called for by the Chief Engineer or Fire Commissioners. If you change your residence or place of business, where the key is kept, return it to the Fire Commissioners.

The hour of 12 M., each week day, will be struck one stroke upon the fire bells, Bridgeport time being given from Blackman & Warner's, by telegraphic key.

By order of the Fire Commissioners.

## AN ORDINANCE RELATIVE TO THE PROTECTION OF THE FIRE ALARM TELEGRAPH.

*Be it ordained by the Common Council of the City of Bridgeport:*

SEC. 1. Any person or persons who shall willfully deface, injure or destroy the Fire Alarm Telegraph in this city, or any part thereof, or any of its appurtenances, or shall willfully interfere with, or do anything to the same so as to prevent or delay the proper and timely use thereof, shall for every such offense, forfeit and pay a penalty of not less than twenty nor more than one hundred dollars, for the use of the city, the amount of such penalty to be fixed by the Court having cognizance of the same.

SEC. 2. Any person who shall open any Alarm Box connected with the Fire Alarm Telegraph, except by the authority of, or with the keys furnished by the Fire Commissioners, shall forfeit and pay therefor a penalty of twenty-five dollars for the use of the city.

SEC. 3. The penalties provided for in the foregoing sections may be imposed by the City Court, upon information of the City Attorney or Assistant City Attorney, as in ordinary criminal proceedings.

## WARD BOUNDARIES.

The City of Bridgeport is divided into six wards, as follows, to wit:

So much of said city as lies westerly of Bridgeport harbor and Pequonnock river, and southerly of a line running through the center of Fairfield avenue, so called, to a point in the center where said avenue intersects with the center of Courtland street, so called, and easterly of a line running through the center of said Courtland street from its intersection with Fairfield avenue to where it intersects with the center of State st. so called; thence running through the center of said State street to a point where it intersects with the center of Lafayette street, so called; thence through a line in the center of said Lafayette street to Seaside Park; thence in a straight line to Long Island Sound, shall be and remain WARD No. 1.

So much of said city as lies westerly of Ward No. 1, and westerly of a line running through the center of Park avenue, so called, from where it intersects with the center of Fairfield avenue; thence northerly along the center of Park avenue to the limits of the city, shall be and remain WARD No. 2.

So much of said city as lies west of Pequonnock river and north of the line running through the center of Fairfield avenue, so called, from said Pequonnock river to a point where it intersects with the center of Park avenue, and east of Ward No. 2, and south of a line running through the center of Harral avenue, so called, from where it intersects with the center of Park avenue to a point where it intersects with the center of Madison avenue, so called; thence through the center of Madison avenue to a point where it intersects with the center of Washington avenue, at its junction with Main street; thence in a straight line to a point where the center of Washington avenue intersects with the center of Meadow street, so called, and through the center of said Meadow street to the Housatonic railroad track; thence in a straight line to Pequonnock river, shall be and remain WARD No. 3.

So much of said city as lies north of Ward No. 3, and east of Ward No. 2, and west of Pequonnock river, shall be and remain WARD No. 4.

So much of said city as lies easterly of Pequonnock river and north of a line running through the center of the N. Y. & N. H. R. R. track from Pequonnock river to Stratford Line, shall be and remain WARD No. 5.

And so much of said city as lies east of Bridgeport harbor and Pequonnock river, and south of the N. Y. & N. H. R. R. track, shall be and remain WARD No. 6.

## Population.

The population of the town of Bridgeport, according to the census of 1870, is 19,876. Since the enumeration was made, a portion of the town of Fairfield has been annexed to the town, and the western part of the town of Stratford has grown largely, so that good judges estimate the population to be, at present, not far from 25,000. In this estimate, the section known as West Stratford, is counted as being a portion of the town of Bridgeport.

#### RATES OF POSTAGE.

On letters in the United States, 3 cents for half ounce, or fraction thereof, to be *pre-paid*. Unless *pre-paid* one full rate, letters will be sent to the dead letter office at Washington.

City or drop letters must be *pre-paid* at the rate of 1 cent per half ounce, or fractional part.

Transient newspapers, periodicals, pamphlets, and other articles of printed matter, seeds, cuttings, photographs, blanks, maps, engravings, envelopes, paper, book manuscripts and proofs, 1 cent for each ounce.

Book Postage.—Books, 1 cent for each ounce, or fraction thereof.

Unsealed circulars, 1 cent for each. A business card upon the envelope of a circular does *not* subject it to extra postage.

All mail matter must be pre-paid by postage stamps.

All transient matter must be sent in a cover open at the ends or sides. There must be no word or communication written on the same after its publication, or upon the cover, except the name and address of the person to whom it is to be sent. There must be no other inclosure in or with such printed matter. Every such addition will subject the entire package to letter postage.

Letters to or from the British Provinces or Canada, per half ounce, 3 cents.

Other foreign postages remain, as heretofore, subjects of arrangement between foreign governments and our own, and are not affected by this law.

Fee upon registered letters, 10 cents, and the receipt of the party receiving the letter will be returned to the sender.

Persons wishing to pre-pay Postage in money out of regular office hours, should inclose the letter and money in an additional envelope, marking it "*Postage Inclosed*," and drop it into the letter boxes at either end of the office.

# WHEELER & WILSON'S

## New Rotary Hook, Lock-Stitch SEWING MACHINE, No. 6.

For Family Use, Heavy Tailoring and Leather Work.

Attention is invited to the superior excellence of this Machine, some of the points of which are:

- 1—A higher rate of speed, with less liability to wear.
- 2—Simplicity of construction and ease of management.
- 3—Positiveness and certainty in its movements.
- 4—The independent take-up, drawing up the stitch when the needle is entirely out of the goods.
- 5—Unrivalled strength of seam and beauty of stitch.
- 6—Adaptability to a much wider range of work than any other Sewing Machine in existence.
- 7—It is the only Sewing Machine adapted to the staying of button-holes in ladies' shoes with cord, without the use of patent attachments therefor.

**Splendid and Unparalleled Triumphs of the Wheeler & Wilson Sewing Machine Co. over Eighty-one Competitors at the World's Exposition, Vienna, 1873, &c.**

1. **The Knight's Cross of the Imperial Order of "Francis Joseph,"** conferred by his Apostolic Majesty, the Emperor of Austria, upon the Hon. Nathaniel Wheeler, President of the Wheeler & Wilson Sewing Machine Company, as the founder and builder of Sewing Machine industry.
2. **The Grand Diploma of Honor,** recommended by the International Jury for this Sewing Machine Company only, for their important contributions to the material and social welfare of mankind.
3. **The Grand Medal for Progress,** awarded for their New No. 6 Sewing Machine, being for progress made since the Paris Exposition of 1867, at which the only GOLD MEDAL for Sewing Machines was awarded to this Company. Hence the Vienna award marks PROGRESS, not from a low level or inferior medal, but from a GOLD MEDAL, the highest award made at Paris.
4. **The Grand Medal for Merit,** for the development of the Needle Industry, and excellence and superiority of manufactured samples exhibited.
5. **A Grand Medal for Merit,** for excellence and superiority of Cabinet Work, the only award of the kind in this section.
6. **Medals for the Several Co-Operators** of the Wheeler & Wilson Company, for superior ability.
7. **The Official Report,** published by the GENERAL DIRECTION of the Vienna Exposition, signalizes the SUPREMACY of the Wheeler & Wilson Company, for quantity and quality of manufacture, and position in the Sewing Machine business, as follows:

OFFICIAL REPORT, VIENNA EXPOSITION, SEWING MACHINES, &c.

(GROUP 13, SEC. 2, B.)

"The greatest Sewing Machine Manufactory in the world is that of Wheeler & Wilson, New York, which alone has brought already over 900,000 of their Sewing Machines into practical use. The complete production of the parts by machinery is so regulated that each complete machine may be used as a sample for exhibition. This firm produces 600 well adjusted machines daily."

"The latest production of the firm, and which is the wonder of the Vienna Exposition, is their new No. 6 Sewing Machine. This universal machine sews the heaviest leather harness and the finest gauze with a truly pearl stitch."

"Wheeler & Wilson have received the highest prizes at all World's Expositions, and at the Vienna Exhibition were extraordinarily distinguished."
